

ANNOUNCEMENT

Dear Valued Customer,

It is with great pleasure Powercell announce that GAP Distributors Pty Ltd will be representing us at a local level in the Western Australian market starting from the 8th of August.

GAP's sales team consists of five staff who have dedicated territories and will be calling regularly on our behalf. GAP will be holding stock and dispatching orders from their warehouse in Bibra Lakes, this should reduce delivery times and result in you receiving your orders within 24-48 hours of placing them.

We're excited by this arrangement as it will provide an increased service to our Western Australian customers. We are working on getting the stock weight right in WA and while there may be some 'teething issues' we see this as very short term and welcome any feedback.

Rest assured that you will still be able to contact us in regards to any queries or assistance you may require. Simon and I will be working closely with the team at GAP and we'll still be active on a local basis in WA.

Powercell believes this new strategic partnership will provide a mutual opportunity to enhance and improve our businesses and we look forward to your continued support.

Kind regards,

A handwritten signature in blue ink that reads "Simon Cox".
